Aaranyak

Nourishing Nature To Secure Our Future

A JOURNEY SINCE 1989

Aaranyak, established in 1989, is a registered non-governmental organisation, based in Guwahati, Assam. Aaranyak has been working to promote conservation of biodiversity in eastern Himalayas and Northeast India through research & monitoring, species recovery, habitat restoration, environment education & outreach, climate change adaptation & mitigation, conservation livelihood and advocacy for legal as well as policy reform to ensure the ecological security of the region. Aaranyak collaborates and partners with Government institutions as well as national and international non-government organizations and communities to accomplish the organizational mission. Aaranyak is anchored on a firm research and development base that is supplemented by toiling in the field to achieve conservation goals.

LEGAL STATUS

- Registered under Societies Registration Act XXI of 1860.
- Registered under 12A and 80G of Income Tax Act of 1961.
- Registered under Foreign Contribution Regulation (FCRA) Act 1976.

MISSION

To foster conservation of biodiversity in Northeast India through research, environmental education, capacity building and advocacy for legal and policy reform to usher a new era of ecological security.

OBJECTIVES

- To create awareness regarding the maintenance of ecological balance.
- Preserve and restoration of ecological balance within N.E. India.
- To educate school children regarding the conservation aspects of nature.
- To maintain a network among independent NGOs (national and international) for sharing of expertise and provide a forum to exchange views on wildlife conservation.
- To reduce and eliminate wildlife trade by public awareness and by legal procedures.
- To aid fringe villages of protected areas by initiating projects to reduce the use of forest resources.
- To carry out research in biodiversity & environment and design approaches for sustainable livelihood.
